– Hannah

“We cannot begin to thank all three of you enough for the wonderful work that you did for us over the last few months. We really enjoyed every minute of it. You were so accommodating and patient with us. I cannot imagine how much time it must take to go through all of the images.”

- Kimmi

“You did a great job at the wedding and we had a blast! Thanks again,”

- Laura & Troy

“Thank you so much for our beautiful wedding photos! You two were so much fun to work with”

-Kristen

“You both were absolutely incredible this weekend. I just about had a panic attack when I realized I forgot my memory card for my own camera in the hotel room, but rather than trying to track it down, I felt quite safe setting my camera aside for the night knowing the two of you were creatively and attentively capturing every single moment. As I was telling Jen in the morning, Kimmi made it my first task as maid of honor to find her a photographer, and it was quite obvious from your stunning portfolio of images online that CWP had to be it... what became apparent on Saturday is that your work is not only a product of your talent, but also your presence and your ease with working with people. Whether you realize it or not, you both kept our girl calm. And I wanted to thank you for that...”

- Krista

"Laura and I got back from our honeymoon a couple of days ago and I thought I'd just drop you line to let you know that we were really pleased with our photographers. They really went with the flow, were flexible, and made sure that Laura got the pictures she wanted. Plus they were fun and easy going. I've been in weddings and heard horror stories of bad photographers and I was happy that everything turned out the way it did. I told Alfred at the Outing Club that we were happy with our service and that he should recommend you guys"

- Scott

"I received our pictures in the mail today and just wanted to say thank you, we love them!! They turned out great, it makes me excited for our wedding day pics! Thanks for getting them sent out so fast! Our family and friends have loved seeing how well they turned out! Thank you again!

- Cari

"Just wanted to thank you again for the beautiful pictures of Angie and Pete's wedding weekend. I would recommend you to anyone without a moment's hesitation and if you are ever in need of a reference you may use my name. Have a great summer!

- Deb

"I just want to say that Nic was AWESOME! He did a great job, Thanks again for all of your hard work."

- Ellen

"Um.....the pictures you sent are amazing!!! Thank you so much! Reliving that day is so wonderful and your pictures tell the perfect story."

-Jenna

"We got our pictures on Saturday! They are amazing! Thank you so much! I was told by a coworker they were the best engagement pictures she'd ever seen!"

- Meredith

"I wanted to let you know we got the pictures. They turned out phenomenal. Thank you SO much for all of your hard work and time on the wedding day, and after. We truly appreciate it. We are very happy with our pictures. I just want you to know we will be a returning customer of yours for years to come! Thank you again for all of your hard work.

- Alyssa & Matthew

"OMG, you are amazing! We got our pictures in the mail yesterday and I couldn't be happier. To be honest, I was skeptical. As you could probably tell, I'm always totally nervous about getting my picture taken. If I look normal, I usually still have that fake "I'm getting my picture taken" smile on my face. I was so impressed I took the files to work last night to show them off. Everyone loved them and asked who we had take them. I found one that's definitely going in the paper for our announcement. Anyway, I just wanted to say kudos. I'm just giddy. I'll let John decide if he wants to do a themed shoot and let you know. I'll leave that totally up to him. Thanks so much"

- Kasey

"I wanted to let you know that we got our e-pics in the mail yesterday and absolutely LOVE them. You did a fantastic job! We're so happy with them! Thanks so much for incorporating our dog."

- Katie

"I flippin' LOVE these pictures!! You are amazing, thanks!!! Take care"

- Jen

Todd was great to work with. All of our pictures turned out better than I expected. He made our wedding day a little less stressfull. Turn around time for the pictures and engagement pictures was very reasonable. The cost of his services are a little pricy but well worth it in my eyes. The photographer was our biggest expense and wanted to make sure we had the best. Todd did an excellent job of doing that :)

Creative Wedding Packing did an AMAZING job photographing my wedding and reception. It was very easy to work with Todd and Nic the photographer. Nic was very professional and helpful. He had great suggestions for pictures. They all turned out beautiful I'm going to have a hard time making an album because I have so many fabulous pictures to choose from :) I would definately recommend Creative Wedding Package to anyone looking for a photogapher for their wedding. Thanks Todd and Nic for capturing every special moment of my big day!!

Todd, your work is truly amazing! My husband and I were married on September 5th and Todd was incredible. We had a very large wedding party (16 attendants total and 3 children, not to mention all the parents) and he made everything seem simple and effortless. He worked so well with all of our friends and family and we kept getting compliments all night about how "cool" he was. His easy going demeanor is so reassuring on the big day and he rolls with the punches because things tended to change at the last minute.

The quality of CWP's work is wonderful. Not to mention the quantity! He made all of our photos easily accessible to our guests. I am so happy with all of the pictures that he took (I literally framed about 50 of them throughout our house)!!!!

Todd is great, professional, cool and a true artist. Thanks Todd!!!

I just wanted to check back in and let you all know that my wedding pictures turned out AMAZING! I love, love, love them! I got 1200+ edited photos back. Todd truly captured the joy of our day. Thank you, Todd!

Photography- CREATIVE WEDDING PACKAGE!! A+++++++
Probably my most favorite people ever. I haven't seen the wedding photos or video yet, but I love our engagement photos. Nic was our photographer for the wedding, bless his soul. It seriously was freakishly hot and he bared the heat to take our photos in the park. By the time we got to the reception I was soooooo sick from the heat and my nerves! He was so laid back and even gave me a Pepto that he had!!!! Nic you are fabulous!!! Nic and the videographer (I feel terrible that I can't remember his name) stayed so much longer than we thought!!!! I felt terrible because they couldn't take pictures or film anything at the beginning of the reception because I was so sick, but they never did anything but try to accommodate me. A lot of our guests commented on how unobtrusive they were and how they felt so comfortable with them filming and taking pictures. They were so laid back and I would recommend them to anyone!!
Thank you CWP!!!

Todd had been great to work with. Todd is very easygoing and that is an excellent quality to have around you on the day of your wedding! About a week before the wedding I was having a mini-meltdown and I just happened to talk to Todd. Just talking to him calmed me down! Lol! I've received just a couple of teaser pics from him and I am SO pleased with the quality and look of the photos. I absolutely cannot wait to see the rest! (I will post another review after I receive them). Even my guests noticed how good he was and told me how he was everywhere during the reception. An engaged couple at our wedding even approached me to get his contact info so they can look into him for their wedding!

Todd is so awesome. He took our engagement pics a couple weeks ago. We were very nervous but he made it painless. I was going to be happy if we just got one good picture, but everyone turned out great! I would definately recommend Todd, I can't wait for our wedding and to see how great those pictures will turn out!

11/18/2008 - Posted by: MeghanM

My favorite vendor by far: Photographer/Videographer Creative Wedding Package. Todd and his group are the most amazing people to work with. Not only do they provide quick results on pictures but am very interested capturing what you want. We took our pictures before hand and Todd had some really creative ideas for pics. Our pictures were online within 2 weeks of the wedding for viewing and we got our CDs within 3 weeks. My family and friends can't stop saying how I will be able to remember this day vividly through the pictures. The video is just being finished up.

11/9/2008 - Posted by: Splsh17

All of our pictures turned out absolutely amazing! Todd shot our engagement pics and Jen and Nic shot our wedding. The photos were beyond what we ever hoped for. They didn't miss anything and they knew exactly how to get the most beautiful shots! Everyone with CWP was SO helpful and easy to work with. They were so laid back and made us feel completely comfortable. We have gotten so many compliments on our pictures and we always make sure to tell them who the photographer was! Thanks so much!

10/2/2008 - Posted by: Marisa

I can't even say enough about how fantastic Todd is!!! My fiance and I set up a time to meet with Todd to shoot our engagement photos, but I had to cancel last minute because I got a new job. He was very pleasant about the whole thing and wasn't angry one bit. Every time I have emailed him he has always responded promptly. We finally got a chance to shoot our engagement photos on 9/23/08 and he was so easy going and so fun to work with!! He made my fiance feel so comfortable, which is saying something since my fiance HATES getting his picture taken. Not only was he great to work with but we had our disc in our mailbox on 9/26!!! Crazy fast! And let me tell you, they we're great! We have gotten so many compliments on them! I cannot wait to see what this man can do for our wedding! Thank you so much Todd and CWP!!!!

9/10/2008 - Posted by: violet101

Jen was great at our 08.02.08 wedding. She had a calm relaxed vibe that was really great with everything that was going on. We got our pictures back and were really happy with them!

9/6/2008 - Posted by: apayne85

Todd is AMAZING! He was so wonderful and helpful throughout the entire weekend! He was very laid-back, which was just what I needed to stay sane when things could have gotten really hectic. He got all of the pictures I wanted and then some. He really went the extra mile by coming to the rehearsal, rehearsal dinner, getting our hair done in the morning, and everything else! It only took about 3 weeks to get the photos back from him and they are so beautiful. It is obvious how much time and work he put into them. I could not possibly be happier with how the pictures turned out. I highly recommend Creative Wedding Package!

Todd shot our engagements pictures and within just a week or two, they were back to my fiancée and I on a CD and they were GREAT!!! It is really wonderful to be able to share with all your friends and family right away online and through the pic CD. I am so excited I pick CWP for both our video/pictures. Even from just doing our engagement pics, I can tell they will capture the special moments throughout the whole night.

7/30/2008 - Posted by: Byrd1025

Todd shot our engagement photos and we were so happy with how they turned out! We were so anxious to see them and he mailed them to us in the time frame promised. It just so happens that we received them a night when we were having a family cook-out, so we were able to share them with everyone that night! There were so many good photographs that it was hard to choose which our favorite was! I can't wait to see how our wedding photos turn out in October! THANKS TODD!

7/22/2008 - Posted by: BaileysBudi

I chose CWP for our wedding and Todd was the first vendor I booked after I got engaged! I fell in love with his portfolio online and didn't even interview any other photographers.

We had our first engagement picture session yesterday and Todd was great to work with. I told him ahead of time that my FI was less than thrilled about doing our session and he made the whole process very painless! We even included our

dog in the pictures! I can't wait to see them! I really look forward to working with Todd for our wedding!

6/21/2008 - Posted by: love1234

We love our pictures! Todd and Jenn were wonderful and went with the flow the day of. Our bridal party even enjoyed having pictures taken! Our TTD session was a ton of fun as well and we really love both sets of pictures. You can go through our wedding photos and feel like you were there, all the little moments were captured! I've had several people tell me that after viewing my pictures, they felt like they were there! Everyone loves the pictures! Thanks again! - Kara and David

People are STILL talking about how amazing he was! Honestly I didn't notice him most of the time, however when I discovered my son asleep in a chair at the reception I looked up and pointed down and Todd was right there snapping some photos! I can't wait to see our pictures! If I am not happy with my pictures it will be because of my double chin and day of blemish lol not because of Todd! He was amazing! He ran around all night making sure he was where he needed to be when he needed to be there. I hate having my picture taken but I was completely at ease when he pulled me over by myself in front of the stained glass at the church, he is just that great to work with!

Creative Wedding Package did a phenomenal job at our New Year's Eve wedding. They are extremely nice to work with and they took amazing pictures! I can't even begin to write enough about how great they are!! We will cherish our wedding pictures and memories forever and are so thankful that we used Creative Wedding Package. Thank you!!!

1/22/2008 - Posted by: lisalisaingrid

I am thrilled with the wedding pictures taken by Todd and Jen at Creative Wedding Packages. Every moment I could have wanted captured is there. Todd even caught my uncles dancing - unbelievable! My husband, my family, and I have never looked so relaxed and happy on film. I have been in several weddings and Creative Wedding Packages were by far the most enjoyable photographers to work with. In addition to taking great pictures, Todd and Jen were flexible, easy going, and delightful to work with. All day coverage means ALL DAY coverage. There is no way to choose from all the pictures from that day - I am so grateful for all the candid shots. Thank you Todd and Jen!

11/24/2007 - Posted by: sweetwhisper16

Creative Wedding Package is a gift from God. Their work is stunning, amazing, and all around fantastic. We have been showing off our pictures to everyone and they can not believe how many beautiful pictures that we have. We can't even believe it ourselves. We had Nic and Jenn and they caught everything, and I mean EVERYTHING. They took every single picture we wanted them too, plus TONS more. I can't say enough about how wonderful they were to work with.

We never second guessed ourselves after signing a contract with them. We got unlimited engagement sessions. They were VERY flexible with where we got them done at. We gave some engagement pictures away as guest favors and everyone commented on how beautiful those pictures were. I can't say enough about them. I would HIGHLY recommend their services.

We LOVE Creative Wedding Package! Our bridal party thought Todd and Jen were wonderful, funny, and just "there", as my Matron of Honor said. One of my bridesmaids used Todd last year and my personal attendant is using him next year. We went to VanderVeer (just Jeff and I) before the wedding to get some shots, which was great since we had a later wedding. We had plenty of time to get what shots we wanted, and I can't wait to see them! They were right there when I wanted them, and told us what to expect. Jen is so soft-spoken (she would make a great meditation CD announcer), but don't let her laid-back-ness fool you! The videographer was right there, too!

9/9/2007 - Posted by: sark

Once we saw Todd's portfolio, we didn't really look elsewhere. His photos are amazing. The fact that you own the pictures is simply unbeatable. You pay for the skill of the photographer--of which Todd is extremely talented. We are thrilled with our photos and cannot wait for our video. Because Todd & company are so laid back--they will blend into your day and catch the beautiful little moments that will just melt your heart all over again. For what you get--you simply can't beat CWP. We are so happy that they captured the photos from our wedding.

Thanks so much, Todd! We love, love, LOVE our pictures!

Todd and his crew are the bomb. I apologize for not being able to remember the other staffs names but they were so wonderful to work with. We chose Todd because we loved his personality. On the day of the wedding he was so encouraging and supportive when I had a few bridezilla moments.

During the ceremony and reception you hardly noticed them, they just blended in with the crowd and my guests commented on how friendly and professional they were. Our engagement pictures were beautiful, he took pics at our rehearsal, and was there for us pretty late at our reception. For those of you who think they're too expensive, take it from me, it was worth every penny.

Remember, "you get what you pay for." I HIGHLY RECOMMEND THEM.

Nic did a fabulous job shooting pictures at our July 14th wedding. Guests commented on how professional he was and were pleased with how nice he was and how he managed to blend in with the event. We just got the pictures back about a week ago and couldn't be more pleased with how beautiful they turned out and with how many we have! We looked to him to create memories of our special day because we were seeking photojournalistic-style photos to capture

the moments and feelings of the day and Nic did it with ease. We highly recommend their services. They are very down to earth and eager to help where needed. We can hardly wait to see our finished DVD and photo books. Thank you so much for being the wonderful people that you are!

Todd did an excellent job of capturing our wedding on May 6, 2007. He was able to capture all the "traditional stuff" (wedding, posed pictures, cake cutting, toast, etc.) but also managed to catch the wonderful unexpected moments, like my best friend letting me borrow her grandmother's pearl necklace, my little cousins following the wedding party around with THEIR cameras, my mom fluffing up the flowers and my grandma almost dropping the cake! I'm especially pleased with the quality of the photos. The focus, color and composition of every shot was perfect.

Thanks Todd, we'd use you again...but I guess highly recommending you will have to do!

Our wedding was April 8, 2006- Todd, Nick and Jen did a great job covering our engagement pictures, wedding rehearsal, wedding and reception! The photos were beautiful and the wedding video was spectacular. I would definitely recommend Creative Wedding Package to every bride and groom. It is well worth the money spent! Thanks for all of your hard work!

If you are thinking about getting a videographer for your wedding day, I would highly recommend Creative Wedding Package. After taking a look of the sample videos, we were sold and hired them for our wedding day. Todd was very professional, but also very accommodating and a lot of fun to work with. He went out of his way to both film and take photos during the rehearsal dinner and our wedding day.

After receiving our video, we were honestly shocked at the quality of the video. The video was shot in a documentary style, with separate interviews before the wedding day, photos and film from the rehearsal, and photos and film throughout the wedding day. The quality of the video is similar to what you would expect from a published movie. The video was way beyond our expectations and I would personally recommend him to any couple thinking about a video. Many friends and family have honestly said the video is the best they have ever seen. Todd has a talent and passion for what he does and it obviously shows in his work. Thanks again so much!

Todd and Jen did an excellent job with our pictures, and they are so fun to work with. My husband and I never take good photos, however every photo that was taken of us looked great. The best part of it all is that they are ours to do

whatever we want with. Thanks Todd and Jen for everything. Best Wishes to the both of you!

Your pictures are the one item you should not take lightly. From the minute I met Todd, I knew he was the perfect photographer to shoot our wedding. We have more pictures than we know what to do with. He captured every emotion! From the belly laughs to the tears, we have the whole day captured forever. Todd, Jen, Jason, We could not be happier with all our pictures! We are telling everyone we know about you! Thank you for giving us the best present ever; our perfect day captured to share forever!

Cannot wait to see the video, and everyone LOVES the pics, especially the hardbound book! I hope your special day turns out as perfect as ours!

I feel like I should tell every bride and groom about Todd! He is the kind of guy you need around the day of the wedding because he captures every moment...and you hardly know he is there.vHe is a professional in every sense of the word...his assistant even helped the men with their corsages. We had an enormous amount of children in the wedding and he didn't even flinch...he just went with it and captured some wonderful moments. I can't say enough about the quality of his work. We have so many great pictures I have to go buy more wedding albums...I want to share them all with our friends and family. Thanks Todd for making our day just a little more special.

Todd and Jen did our June 3rd wedding, and cannot believe how great they were. Everyone at the reception loved how comfortable they felt when being photographed, and we're just as excited as us to see the outcome. I knew how great the pics would be from his portfolio, but never imagined how talented and personable they both would be. You guys were WONDERFUL; and i am definitely telling every upcoming bride i know. Thanks again you guys!

Todd did an awesome job with out recent engagement pictures! He's very easy going which makes him easy to work with and he does excellent work! I recommend him to anyone who wants high quality work for a very good price.

9/21/2005 - Posted by: jdherring

Todd shot our June 11 wedding and did a fantastic job. He has state of the art technology which he used to put together a video from our wedding that you think would have been on TV. The documentary style was better than we could have expected and gives us a wedding video that we'll enjoy watching as much in twenty years as we do today. Todd is available anytime you need him and will work endlessly to make sure you get exactly what you want. I would highly recommend his services.

3/21/2005 - Posted by: eischen9

We couldn't be happier! Todd did an unbelievable job and he is easy to work with. He compiled a wedding story/documentary for us and we now have a quality DVD to remember our special day forever! We would definitely recommend Todd. Thanks Todd--everyone loves the video!
